WELCOME TO OUR GRANTS & FUNDING DEPARTMENT

Carroll Engineering Corporation stands out as an exceptional partner for municipalities and authorities seeking grants and funding due to our deep understanding of the unique needs and challenges these entities face. As a civil engineering firm with extensive experience in municipal engineering, CEC

brings a practical project-focused perspective to the table. This expertise allows us to not only identify the most suitable grant and funding opportunities but also to provide invaluable support in planning, budgeting,

and implementing projects that meet the stringent requirements often associated with grant funding. Our comprehensive approach, which combines technical engineering knowledge with strategic funding assistance, positions Carroll Engineering as an ideal ally for municipalities and authorities aiming to navigate the complex landscape of grants and funding successfully. This synergy between engineering expertise and funding proficiency ensures that projects are not only viable but also optimized for success from both a technical and financial standpoint.

NAVIGATING THE MAZE OF GRANTS AND FUNDING

Navigating grant and funding options is tough. Municipalities face the challenge of finding the right programs amidst a sea of complexity and stiff competition. At Carroll Engineering Corporation, we get it. Our Grants & Funding team is here to guide you through, making the process straightforward and effective.

OUR SERVICES:

- **Grant Program Research**
- **Eligibility Determinations**
- **Strategic Funding Plans / Need Assessments**
- **Grant Cost Estimates and Budgeting**
- **Grant Writing and Proposal Development**
- **Grant Education and Training**
- **Full-Spectrum Support: Pre-Planning to Post-Award**

BENEFITS:

- **Expert guidance through the entire grant process**
- **Enhanced application quality for higher success rates**
- **Deep knowledge of regional funding opportunities**

WHY CARROLL ENGINEERING?

Each project serves as a clear indication of our dedication to improving community infrastructure, showcasing our broad ability to turn ambitious projects into funded realities. Our expertise spans across various project types, from stormwater management and water facility upgrades to park rehabilitation and land conservation. We're focused on securing the funding you need for your projects in Pennsylvania, New Jersey, and Delaware.

Let us help you identify and secure the best-fit funding sources for projects

"At CEC, quality is our mindset and driving force. We aim to exceed client expectations, foster enduring relationships, and enhance our communities through our projects. Our integrated approach across departments ensures practical, efficient, and advanced solutions to every challenge. We're grateful for the trust placed in us and eagerly anticipate contributing to your success for many years."

~Allen B. Mason P.E., President
